

AGN. NO.

MOTION BY SUPERVISOR GLORIA MOLINA

May 18 2010

On May 25, 2010 at the Los Angeles County Board of Supervisors will recognize the importance of early intervention to support at risk children and families, and the prevention of children entering into the foster care system. The County recognizes the numerous individuals and public and private organizations who work to assure that the needs of children and youth living in foster care, and leaving foster care, are met. These individuals connect foster youth and former foster youth with their siblings, in order to launch these young people into successful adulthood.

I, THEREFORE MOVE, THAT the Board of Supervisors waive the fee of \$20 per car for 50 cars on May 25, 2010 from 8:00 am to 11:00 for Lot 14, excluding liability insurance.
